Tyco Electronics provides standard kits that contain the necessary equipment to carry out specific tasks to the highest professional standards.

Furthermore we provide custom kits for volume requirements containing only tools, or a combination of tools, dies and terminals tailored to your specific requirements.

The kits shown above are examples specifically designed for the automotive industry.

However we also provide kits for promotion and product support purposes.

Basically any kind of kit can be catered for and in any volume.

For further information please visit our tooling website to view our online hand tool catalogue for standard kits, or find your local contact to discuss your requirements.
