

# Supporting the IPC/WHMA-A-620 Standard

Tyco Electronics is a licensed IPC/WHMA-A-620 Standard Training and Certification Center providing training and certification for cable/wire harness assemblers.

## **We can customize a Training/Certification Program that exactly fits your needs:**

- Train-the-Trainer —  
CIT — Certified IPC Trainer  
conducts CIS Training
- Operator / Inspector Proficiency —  
CIS — Certified IPC Specialist training on all  
process modules or certification on  
specific assembly processes

To schedule a class or request a quote, visit our web site at [www.tooling.tycoelectronics.com/a-620.asp](http://www.tooling.tycoelectronics.com/a-620.asp) or contact Rick Hawthorne at 717-810-2417 or [rlhawtho@tycoelectronics.com](mailto:rlhawtho@tycoelectronics.com).

**Tyco Electronics —  
Providing over 50 years of  
training experience in the industry.**
